Halo LED Lantern - Owner's Manual

Specifications

Item	Value
Brightness	400 lumens (high), 60 lumens (low)
Battery	5,200 mAh built-in rechargeable
Runtime	6 hours on high, 40 hours on low
Charging	USB-C, about 4 hours to full
Water resistance	IPX4 (splash resistant)

Using the lantern

Press the power button once for high, twice for low, and three times for red night mode. Hold the button for 2 seconds to turn the lantern off.

Charging

Use the included USB-C cable. The indicator light is red while charging and turns green when full.

Water

The Halo is splash resistant but not waterproof. Do not submerge it.
